JAPANESE CAPTURE RUSSIAN ADMIRALS

Rojestvensky Falls Into Hands Of Admiral Toga.

JAPS' VICTORY UNPRECEDENTED

Flower of the Czar's Navy Has Been Destroyed and Many Russians Killed and Captured—Portion of Fleet Arrives at Vladivostok.

WASHINGTON, May 31.—The state department has received the following dispatch from Tokio

"Tokio, May 30.—It is officially announced that all of the Russian battleships have been sunk except the Orel and Nicholas I, which were captured. Admirals Rojestvensky, Voelkersham and Nebogatoff all prisoners."

St. Petersburg, May 30—3 p. m.—The first definite news from Russian sources of the naval battle fought in

Location of Naval Battle.

the straits of Korea, came from Captain Chagin, of the cruiser Almaz who has arrived at Vladivostok.

He telegraphed to the emperor that he had witnessed the sinking of the battleship Knaiz Souvaroff and reported that Admiral Rojestvensky was wounded. Captain Chagin say Rojestvensky lowered on board the torpedo boat destroyer Bluny and said the admiral presumably was saved.

The Buiny, however, had not reached Vladivostok when Captain Chagin sent his telegram and her whereabouts was not known.

St. Petersburg, May 30—Noon—A long cipher dispatch received by Emperor Nicholas during the night, but its contents have not yet been made public. It is unofficially stated that several of the fast Russian ships succeeded in shaking off their pursuers and have reached Vladivostok and that several of the fast Russian ships succeeded in shaking off their pursuers and have reached Vladivostok and that the government is now in possession of its own version of the naval disaster of Saturday and Sunday in the straits of Korea. Nevertheless it appears to be in a quandary as to how to break the news to the country. A war council was held at Tsarskoe-Selo last night at which the emperor was urged to issue an imperial manifesto.

Later as the newspapers are conducted the public might believe that Russia had achieved a victory. Dispatches passed all the vague rumors favorable to the Russians, but suppressed everything indicating a disaster. While the disaster was spread like wildfire by word of mouth over the city, and was telegraphed privately to the provinces by the anti-government party, the country cannot be said to be in a state of ignorance as to what has occurred. The editors of the papers, being conversant with the details of the Tokio dispatches, write veiled readers in a roundabout way against harboring false hopes based upon dispatches which appear in their news columns.

The Bourse Gazette quite openly declares it would be a sin to conceal the fact that all hope of Russia obtaining the mastery of the sea has vanished adding:

"The significance of the collapse of this hope is self-evident."

The Novoe Vremya and the Russ, while admitting that the fate of the Far East has been determined to decline to accept the Japanese reports. Their editorials, however, breathe a tone of unutterable sadness.

Russians Must Sue for Peace.

New York, May 31.—Rear Admiral C. H. Davis, of the United States, was in this city today to meet his wife and daughter, who arrived on the Zeeland. Speaking of the Russian naval defeat the rear admiral said

"If the cables are true, there has been no relative Japanese loss in the battle in the Korean straits, Russia will be in a position where she must make peace. I consider Admiral Rojestvensky's a very daring and hazardous undertaking to force the Korean straits for it placed him in Togo's hands. My opinion was and this opinion was shared by other naval officers, including Captain Mahan, that there would be no engagement, and that the Russians would be allowed to get to Vladivostok. I did not think the Japanese would risk an engagement on which depended their all."

Captured Vessels Safely In Port.

Washington, May 31.—he Japanese legation has received a cablegram from Tokio stating that the Russian war vessel captured by Admiral Togo arrived safely at the naval port of Sasebo today. According to the cablegram the vessels are as follows:

Ord. Nicholai I, Apraxine, Zeniavin and Maysuru.

Honolulu Japs to Celebrate.

Honolulu, May 31.—The Japanese of Honolulu are arranging for a celebration of Japan's naval victory. The territorial legislature adjourned last night. All national guard appropriations and that appropriation for the government band which has been supported by the government for the 35 years, were refused by the legislature. The band will probably be maintained by the citizens of Honolulu. The national guard is likely to disband, or will be largely reduced in numbers. It is claimed by the opponents of the appropriations asked for that Governor Carter has the power under the army regulations to use the federal forces and that he has superior power in this respect to any state governor.

ACTRESS LOSES ENGLISH HOME.

Financial Troubles of Mrs. James Brown Potter Have Culminated.

New York, May 31.—The financial troubles of Mrs. James Brown Potter, the actress, have culminated in bailiffs taking possession of her beautiful country house at Maidenhead, cables the London correspondent of the American. The announcement of her latest misfortune followed close on the confession of Albert Fossick, the solicitor who said that the $62,000 trust fund has been accused of having been stolen, was left to Mrs. Potter for her theatrical ventures which recently failed.

Mrs. Potter denies that Fossick made her any unsecured loans, but on the contrary, it is claimed, he demanded and received ample security and that he charged a heavy rate of interest.

Citizens Guard Streets.

Birmingham, Ala., May 31—Edward Fowler, a well known contractor of Woodlawn, was fatally shot in that suburb by an unknown negro. Mr. Fowler was escorting his sister to a street car, and they suddenly noticed a negro coming toward them. Fowler ordered him to stop, which the negro did not do. Then stopping to pick up a rock, the negro took the advantage of him and fired the fatal shot and ran. Woodlawn is still greatly agitated over the killing of I. W. Walton, by a highwayman last Thursday night, and the streets are continually guarded by vigilance committees composed of citizens.

CHICAGO ENJOYS A DAY OF QUIETUDE

Memorial Day Is Celebrated By Strikers and Employes.

200 TEAMSTERS ARE LOCKED OU

On Account of Legal Holiday Everything Is Quiet—However, Both Sides Seem as Determined as Ever and the Fight Will Be to the Finish.

Chicago, May 31.—The teamsters' strike is suffering from ennui. It has reached a stage where both sides declared themselves satisfied with the situation and outside of the court developments excitement awaits either a renewal of settlement, schemes or a further spread in unheralded directions. All phases and features of the strike experienced a lull today owing to it being a legal holiday. Most of the places affected by the strike were closed, and the teaming interests in the main did not attempt any de

Baltimore, May 31.—Rose Snyder, a pretty factory girl, lost a novel suit for $5,000 damages in the city court against Morris Bernstein for injuries caused by a joke. The girl and Bernstein worked in the same factory. In a spirit of mischievousness Bernstein placed a tin oil can, used for oiling sewing machines, on a chair about to be occupied by the girl, and she sat upon it. The injuries incapacitated Miss Snyder for work for some time. The jury decided that no assaut was intended.

Dynamiter Rousseau Sentenced.

New York, May 31.—Gessler Rousseau, who was convicted of sending an infernal machine to the pier of the steamship Umbria in May, 1901, was sent to state prison for not less than three nor more than five years. Sentence was pronounced by Recorder Goff, who referred to Rousseau's act as a "hellish design."

Portland, Ore., May 31.—In a letter received by the exposition officials William Loeb, secretary to President Roosevelt, advises them that the program at the White House on June 1 in connection with the opening of the Lewis and Clark Centennial will be substantially a duplicate of that performed last year in the opening of the Louisiana Purchase exposition.

President Roosevelt's part of the ceremony will take place in the historic east room of the White House, and will be participated in by both the members of the cabinet, the chief justice and associate justices of the supreme court, ambassadors and ministers of foreign countries, and other dignitaries.

Posse Captures Murderer.

DeQueen, Ark., May 31.—After killing two Sevier county citizens, D. Goddard has been captured by an armed posse from this city and placed in the city jail. He waylaid and shot Lee Ward near Gilham, May 10, over a trivial dispute, and since that time posses have been in search for him. Three members of a posse came upon him at Rolling Fork river, west of Gilham. He had his shoes off and was eating lunch. Upon seeing his pursuers, he fired upon them, killing James Mills, one of the posse.

Montgomery, Ala., May 31.—President W. H. Vaughn, of the Montgomery County Cotton Growers' association for Saturday, June 10.—At this session it is confidently expected that full reports from every beat will be made on acreage and fertilizer. Before the session adjourns the compilation of the acreage reduction will be completed and given to the public. President Jordan said he did not know when the report will be ready. He said that the association was accomplishing what it started out to do.

NEW YORK GREETS CHIEF EXECUTIVE

Veterans Are Addressed By President Roosevelt.

GOTHAM IS GAILY DECORATED

The Most Important Event of Memorial Day Was the Unveiling of the Slocum Monument—Little Time Allowed for Pleasure.

New York, May 31.—President Roosevelt was the principal figure in the New York Memorial day celebration, and the feature events of the day were scheduled to take place in the borough of Brooklyn.

There the chief executive was to make the principal address at the unveiling of a statue to General Solcum, review of the parade of veterans and to attend a reception at the naval branch of the Young Men's Christian association. His special train reached Jersey City from Washington at 7:00 a. m. and was met by a delegation from the Brooklyn organizations whose guests the president was to be. This delegation was headed by former Mayor Schieren, of Brooklyn, and President Gunnison of the Brooklyn Union League club, and was accompanied by a heavy police guard which escorted the party from the depot to a ferry boat which was to take them across the river. The city was gaily bedecked in honor of the occasion, and it was given many a shrill salute during the short trip between the shores. On the Brooklyn side the escort was reinforced by squadrons of the New York state national guard, and the president was taken at once to the Union League club, where he had an early breakfast, after which an informal reception was held.

The program which had been arranged for the president allowed for little leisure time during his brief stay in the city from the Union League club he was to go direct to Bedford avenue and Eastern Parkway to take part in the unveiling ceremonies of the General Slocum statue and deliver the principal address.

Immediately after the close of these exercises he was to review the parade of the Kings county grand army from a stand which had been erected near the statue, and then go to the new club house of he naval branch of the Young Men's Christian association, where he was scheduled to make another address. At 1 o'clock in the afternoon he started from Jersey City on the return to Washington.

The president remained at the Union League club several hours, and then was driven to the Slocum monument.

Parrott Resigns Chairmanship.

Atlanta, May 31.—Samuel F. Parrott who, for eight years was chairman of the Southeastern Freight association, it is said, will resign from that position to become vice president of the Georgia Southern and Florida railroad, to succeed William Checkley Shaw, whose ill health, it is said, will force him to retire. Judge Spencer Atkinson, formerly of the railroad commission, may succeed Mr. Parrott as chairman of the association. This announcement will come as somewhat of a surprise to business men generally and all others interested in railway matters. The step has been rumored for some time, but nothing definite was learned about the matter until recently.

Peach Growers to Meet.

Adairsville, Ga., May 31.—Adairsville is preparing for the meeting of the north Georgia fruit growers next Tuesday, June 6. The object of the meeting is to devise a plan to avoid over-shipment to any one market to prevent false reports by commission merchants as to the condition of fruit on arrival and as to prices at which sales are made, to devise a plan that will secure proper icing of cars and safe carriage of fruit. To discuss and agree upon any other matter of importance tending to improve the handling and marketing of the present crop.

REPRESENTATIVE DYAL DEAD

South Florida Mid-Winter Fair Bill Hit Hard in the House—Many Bills Put to Sleep—Senate Did Some Night Work—Primary Election Law Passed.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

CLOSING OF STROBLE SCHOOL.

Interesting Exercises and a Big Dinner—Excellent Work of School.

Mr. Editor: Please allow me space in the columns of your paper to give a brief account of my visit to the closing exercises of the Stroble school.

Lemonade was served before the exercises began, which refreshed all for the enjoyment of the exercises.

The exercises of the students were begun at 10:30 a. m., and lasted until noon. The drill by Miss Terry's department was excellent. The recitations were appropriate and well rendered and the students showed that they had been well trained.

The next on the program was dinner. I would be doing myself an injustice in attempting to describe the excellent dinner. Eatables fit for a king were served, and twelve basketfuls were gathered up after all had eaten.

Then the audience assembled again and listened to some excellent addresses by Theo. Willard, ex-Representative of Alachua county, and T. P. Maynard, who is an ex-teacher and one of the best Alachua county has produced. Mr. Price showed everybody by figures how he and the school board in three years had reduced the indebtedness of the sub-district from $887 50 to $145 50, which shows an excellent record for Mr. Price as chairman of the board of trustees.

Next was Prof. Adkins' farewell address. He gave some excellent advice and showed what was requisite in order to have a good school, if his advice would only be heeded.

F. P. Henderson also made a short but appropriate address.

"A VISITOR."

Wade, May 31.

Mr. Choate Enroute Home.

London, May 31.—Mr. Choate the retiring American ambassador and Mrs. Choate left Euston station at noon today on their way to Liverpool where the ywill embark on the steamer Caronia for New York. A large gathering of English friends and a few Americans bid them farewell. Owing to the fact that a cabinet meeting was taking place at the same hour, no cabinet ministers were present. The Americans who bid Mr. and Mrs. Choate farewell included the entire staff of the embassy.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

Failed to Keep Death Pact.

Milwaukee, May 31.—Arthur S. Mulligan, who, on January 16, entered into a suicide compact with Florence Groves, pleaded guilty to manslaughter today and was sentenced to a 10-year imprsonment. In accordance with the suicidal pact, the girl made four desperate attemtps to take her life by drinking poison on the afternoon of Jan. 22 and on the morning of Jan. 23. After her death Mulligan, who had procured the poison, "lost his nerve," fled from Milwaukee and was later arrested at Racine.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irratating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

White Men Charged with Assault.

Nashville, Tenn., May 31.—A dispatch from Bowling Green, Ky., says that Polk Fletcher, John Sacra and Bill and Bud Dion, white men in jail there charged with criminally assaulting an ignorant German girl near Russellville, Ky., will be taken to that place for trial. Attorneys for the men have applied to Governor Beckham for troops to protect the prisoners. It is feared that if troops are not sent, they will be lynched.

National Plumbers to Meet.

Atlanta, May 31.—The 23d annual convention of the National Association of Master Plumbers, which will meet at the Grand opera house in Atlanta, June 6, 7 and 8, will be the largest gathering that the plumbers have ever had and probably the largest convention, outside of those purely political, which has ever assembled in the city. Not less than 800 delegates are expected, and from 400 to 500 ladies and other visitors will swell the attendance to more than 1,200.

Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

Remarkable Price for Art Cup.

London, May 31.—A small sixteenth century drink cup carved out of rock crystal and mounted and enameled with gold, was sold at auction here for the remarkable price of $81,375. It is stated the cup was purchased for M. Pierpont Morgan, of New York.

BLOOD POISON MAN'S GREATEST ENEMY

The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison. Sorrow, shame and suffering go hand in hand with this great enemy, and man has always hated and fought it as he has no other disease. It is the most powerful of all poisons; no matter how pure the blood may be, when its virus enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the deadly poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored splotches and sores make their appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak, puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this blighting, deadly curse the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the first begins to expel the poison and build up and strengthen the system. S. S. S. is guaranteed purely vegetable. We offer a reward of $1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.

MISS CARLISLE MARRIED.

Was Wedded Wednesday to a Popular Young Minister of Missouri.

One of the most impressive and most largely attended weddings held in this city for several years was the marriage of Miss Maria, the accomplished daughter of Judge J. A. Carlisle, to Rev. W. H. Hargrove of Marshfield, Mo., which occurred at Kavanaugh Methodist Church at high noon Wednesday, Rev. T. J. Nixon officiating.

Owing to the popularity of the bride, who has probably as many friends as any young lady in Gainesville, the church was crowded as early as half-past 11, a half hour before the ceremony was to be performed.

At 12 o'clock sharp the bridal party arrived in carriages and were escorted to the seats which had been reserved for them. Shortly afterwards, by the strains of the wedding march played by Mrs. Denby, the bride and groom entered and marched down the aisle to the center, where the beautiful ceremony was performed in a most impressive manner.

While the wedding was a simple one, it was wrought with that impressiveness which makes such occasions sacred. Owing to the popularity here of the bride, who was virtually reared in Gainesville, an unusual interest was manifested and many friends could not keep the tears of mingled sorrow and joy from trickling down their cheeks. Miss Carlisle is a noble lady, a Christian of the highest order, and it was no more than natural that her friends, while congratulating her, gave her up with reluctance.

The bride wore an elegant traveling gown, while the groom was clothed in the regulation black. Immediately after the ceremony the party took lunch and at 2 o'clock departed for their far-off Missouri home, where they propose in future to reside.

Many friends accompanied the newly married couple to the station, where rice played an important feature as a silent wisher for future happiness and prosperity.

The groom is a rising young minister of Missouri, being a member of the Conference of the Methodist Episcopal Church South. He is a young man of pleasing address, pleasant manner and a most entertaining nature, and, inasmuch as he has taken unto himself a wife of the same disposition, it is needless to add that their married life will be a round of happiness.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

DON'T GROW OLD.

Why Some Women Are Old and Gray at Thirty and Others Fresh and Youthful at Fifty.

Female disorders sap the life and beauty and freshness of youth from women with astonishing rapidity.

Because their ailments seem not serious, because they are not bedridden and because death does not immediately stare them in the face, many women neglect the conditions when first noticed and allow themselves to become chronic sufferers from one or more forms of female weakness.

G. F. P. (Gerstle's Female Panacea) positively cures every description of female troubles.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEW EPISCOPAL CHURCH.

Work Progressing Nicely and Will be Completed Within Few Weeks.

Work on the elegant new building of Holy Trinity Episcopal Church is progressing nicely and within the next few weeks, should weather conditions prove favorable, the building will be completed and ready to deliver in first-class shape to the parish.

As has been stated before, the building is being constructed of the famous McCarrel stone, which is an exact imitation of granite and guaranteed just as durable. The exterior of the building, so far as it has gone, is first-class in appearance and workmanship and the contractors declare there is nothing better or more durable anywhere.

The new building, which is located at the corner of East Main and East Mechanic streets, will command one of the most desirable locations in the city. It will be a credit to Gainesville and those who have labored so diligently in securing funds for its construction, and the people of the city will have cause to feel proud of its existence.

The building, which has already been dedicated, will be properly received with appropriate ceremonies by Bishop Weed.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

Acreage Decreased in North State.

Raleigh, N. C., May 31.—The state agricultural department gave its annual report on cotton acreage. Total, compared with last year 78½ per cent, a decrease of 21½ per cent. The report says that owing to cool weather and excessive rains during the past three weeks there is much complaint regarding the condition of cotton, grass, scarcity of labor and wet lands being the chief causes. The twelve largest cotton growing counties show only 19 per cent decrease.

Suicide Lost $15,000,000 in Copper.

Pittsburg, May 31.—W. C. Jutte, the Pittsburg coal operator who committed suicide in Atlantic City, was worth a few years ago at least $15,000,000. It is now reported here that he died worth almost nothing; that even the house in which he lived is owned by a prominent Pittsburg banker. It is said that he has lost millions in the past few years in Amalgamated Copper speculations.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

Strike Breaker Shot Down.

Chattanooga, Tenn., May 31.—An attempt was made to assassinate Clyde Baumgartner, a miner, of Whitwell, a mining town of Marion county. Baumgartner was going from his work and a shot was fired by an unknown party, both barrels of a shotgun being evidently discharged, and eleven of the shot took effect in his body. He is thought to be fatally wounded. The cause for the act is striking miners recognized Baumgartner as a strike-breaker and took this means to remove him from their path. A liberal reward has been offered for the detention of the would-be assassin.

Young Farmer Suicides.

Americus, Ga., May 31.—Clayton Byrd, a well known young farmer, entered a saloon and called for a glass of water; then bidding the barkeeper farewell, he deliberately swallowed 46 grains of morphine and immediately began to pray. Within 15 minutes physicians were at work upon him, but despite their efforts, Byrd died in two hours, without even regaining consciousness. He was much esteemed and no cause is assigned for his self-destruction. He has a young wife and child and was in properous circumstances.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

Excursion Train Wrecked.

Memphis, Tenn., May 31.—A special to the News-Scimitar from Cherokee, Ala., says that an excursion train bearing shop employes, their families and friends from Tuscumbia, Ala., to Iuka, Miss., on the Southern railroad, was wrecked near Dickson, at midnight. The engine and five coaches were derailed. The train carried 1,400 people, but no one was hurt. Traffic was delayed about eight hours.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are the common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by all druggists.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Rojestvensky don't seem to be experiencing any relief from his old complaint.

If Russia will only get busy the Japs would have time to clean up on another fleet before the Fourth.

It is asserted that they are hauling mud clear from Utah to throw at the Pensacola municipal election.

The recent rains have materially helped vegetation, and the year so far has been very fruitful to the husbandman in this section.

Senator McCreary's bill to authorize the city of Gainesville to bond for educational purposes, shows that he is carefully looking out for the interests of his constituents.

Judging from the article in The Daily Capital of Tuesday, The Tampa Times will not have room for anything else for a few days, if it attempts to reply to the "settin' out" it received from The Capital. My, but it's fierce.

Dewey says "it is the beginning of the end," in speaking of the Jap-Russian naval battle. Only a few weeks ago, however, he said the Russians would win if a battle was fought, as the Russians had the largest fleet.

The Jacksonville Times-Union says the people of that city "should give their hearty support of starting an amateur orchestra." Then perhaps they might appreciate a recreation pier, or some place so they could fall off the wharf.

A few repairs on some of our highways would put them in good condition. The old saying that "a stitch in time saves nine," applies to roads as well as it does to the garments of the young hopeful, and it also saves money to the people on road taxes.

Cassini, the Russian ambassador, must have a vague idea of some things. He says "Russia must fight until the tables are turned." Tables turned! If half the reports are true, it seems as though the whole thing—tables, chairs, etc.—had been turned several times over.

The old schooner yacht Atlantic crossed the Atlantic ocean in 11 days, 16 hours and 22 minutes, in the great sailing race, beating all previous records. She made 341 knots in one day. Captain Barr is the Yankee sailor that has won so many cup races, and in this contest he captured the prize offered by the Emperor of Germany. The other contestants were not in sight when the Atlantic arrived.

Now that the Japanese have come to the front on a rice diet, many will be pleased to know their manner of cooking this cereal, as it is quite simple: Put one cup of rice, which has been thoroughly washed, over the fire, with five of fast boiling water. Add salt, and when it has boiled fast for fifteen minutes set the sauce-pan uncovered in a moderate oven. In fifteen minutes the water will have completely evaporated and every grain be distinct and fluffy. Not a grain will stick to the bottom of the sauce-pan. Rice cooked this way is a revelation.

EAST COAST CANAL.

By the inserting of a paragraph in the bill extending the time for the completion of the Florida Coast Line and Transportation Company canal, the present Legislature insures the construction of an extension of the canal from St. Augustine to the St. Johns river, or the forfeit on the part of the company of 100,000 acres of land. The amendments adopted and incorporated in the bill are as follows:

"Provided, That 100,000 acres of the average lands now held in reserve on account of the uncompleted portion of the canals and waterways of said company from mile twenty-four to mile one hundred and twenty-six south from St. Augustine shall continue to be held in reserve by the trustees of the Internal Improvement Fund of the State of Florida until the completion of said canal and waterways from St. Augustine to the St. Johns river in accordance with the specifications prescribed in section 3 of chapter 3995, acts of 1889, Laws of Florida. The said work on said canals and waterways between St. Augustine and the St. Johns river shall be commenced not later than the date of the completion of the canals and waterways now being constructed by said company to St. Augustine and shall be prosecuted continuously thereafter until completed.

"And provided further, That in the event the said canal company shall at any time desire to sell its canal, the State of Florida shall have the refusal.

"And provided further, That neither said above provisions in reference to said 100,000 acres nor the acceptance thereof by said company, nor the provision that the State of Florida shall have the refusal in the event the said company desire to sell, shall be so construed as to in anywise interfere with, alter, change, or impair any rights, property, privileges, grants, franchises of said company now existing or the extensions thereof herein and hereby provided, except as to the 100,000 acres of land as herein above mentioned."

REPRESENTATIVE DYAL DEAD.

The news of the death of Hon. Burt G. Dyal at Moniac, Ga., on Tuesday, May 30th, came like a shock to his many friends, although it was known he was seriously ill.

Deceased was one of the best known and popular men in East Florida, where the naval stores business had earned for him a handsome fortune. He was a self-made man and a progressive citizen. Born in Georgia in 1851, he came to Florida in 1867, settling in Nassau county, his home being at Dyal.

He was a member of the present Legislature and was serving his fifth term as a member of the House of Representatives. His colleagues in the House passed resolutions of sympathy on his serious illnes the day previous to his death.

It should not be necessary to repeatedly call the attention of the authorities to the needs of immediate action in regard to sanitary measures about the city. The laws are laid down and should be enforced in a careful manner. This should be done before any serious results arise from neglect. The pure city water we have and our location for natural drainage should leave no loop-hole for any contagious or infectious diseases to give the people any alarm, if the backyards and other places are looked after. One dollar for prevention is much better than many times that sum for cure. Let us keep the city clean and it will be healthy. There are places that need the quick action of the officers.

Small obstacles on the track don't keep the train from moving on, yet sometimes a mighty little disappointment in advertising will cause a big man to falter.

Cost of Free Delivery.

Washington, May 31.—The superintendent of city free delivery has laid before Postmaster Gerenral Cortelyou a statement on curious features of the city free delivery. Taking the service by states, New York heads the list with 100 free delivery postoffices which is more than the whole country 30 years ago. Pennsylvania is second, with 94, and Ohio third, with 73. The percentage of cost of the carriers' service in chief cities is: New York, 12.27; Chicago, 15.63; Philadelphia, 24.05; Boston, 21.86; Baltimore, 25.26; Cincinnati, 17.91.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Allay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."

P. M. COLSON BUYS VALUABLE TIMBER

Secures 6,000 Acres of Profitable Trees in LaFayette County.

EXCELLENT TURPENTINE STOCK

Timber Is As Fine For Turpentine and Milling Purposes as Can be Found in the South—Mr. Colson Should Receive Congratulations of His Firm.

Perry M. Colson has recently figured in a big deal of timbered lands in LaFayette county which meant a great deal of ready money, and which he closed with a cash price aggregating $20,000.

The land embraces 6,000 acres of fine timber which may be used for turpentine and saw mill purposes. It is known as the Mitchell land, and is said to be the finest of its kind in the entire section.

Mr. Colson, who is one of the most thoroughly posted land men in the State, is the representative of the Wade & McNair Company, who are among the most extensive operators in naval stores and lands in Florida. Being a man of unusual business shrewdness, he has always held the highest confidence of those with whom he has been connected, with the result that whatever Mr. Colson says or does is right—and it usually proves correct.

Mr. Colson, who is ever alert to the interests of those he represents, has been negotiating for this timber for some time, but the owners would not agree with him upon the price. An agreement was finally reached, however, when the trade was made and the money paid over.

The timber in this tract is said to be as fine as the State possesses. It is all matured, and will make excellent timber for turpentine purposes. Mr. Colson is to be congratulated upon its purchase, as it will prove of great profit to the firm he is representing.

No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve "It didn't take long to cure a bad sore I had, and it is all O K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

NAMES SENT IN.

Postmaster Arnow Bound to Have Another Rural Route Here Soon.

Having secured the sufficient number of names for the establishing of another free rural mail delivery route here, Postmaster J. G. Arnow has forwarded to Washington the petition, together with his official application for the route, and within the next few days it is reasonable to suppose that the route will be established.

As has been stated before, the route will be known as Gainesville R. F. D. No. 2, and will extend to Rocky Point, Kanapaha and other points. The names were secured through the energy of Benj. Arnow, Jr., a clerk in the postoffice, who exercised sufficient interest to get out and circulate the petition and secure the necessary signatures.

The first route established is proving highly satisfactory, and it goes without saying that within a short time the people residing within a radius of twelve miles from the city will enjoy the benefits of a daily mail. All that is necessary is to secure a hundred names to the petition, which will entitle residents in certain districts to enjoy the advantages of a daily mail.

It is not yet known who will receive the appointment as carrier on Route No. 2.

Arriving troops on leaving the trains find themselves in a sea of mud. GRAFT UNKNOWN IN JAPAN.

Professor of Leland University Makes Remarkable Statement.

Chicago, May 30.—"Graft is a thing entirely unknown in Japan," said David Starr Jordan, of Leland Stanford university, last night, addressing one of the meetings preliminary to the regular sessions of the congress of religion.

"I venture to say," continued Dr. Jordan, "that in the present war not $100 of the Japanese war funds has been stolen. On the other hand, I presume that not one dollar in twenty, if one in a hundred, on the side of the Russians, ever reached its proper destination. I heard of only one dishonest Japanese while in the country, and he was one whose morals had been contaminated by residence abroad."

Dr. Jordan's lecture was largely on Shintoism, the chief Japanese religion, which, he said, was not ancestor worship, but the spirit of living, so that ancestors would not be ashamed of their descendants.

The Buffalo Wallows.

A curiosity of the plains is the buffalo wallows. There has not been a buffalo in them for years, but they are the same today as they were generations or even centuries ago. They are no longer frequented by cattle, of course, and therefore not freshly worn, but they remain to this day barren and black amid the vast plain of living green. In the spring they stand full of water until the advancing summer sun evaporates it, and then they are barren and black again. They are perfect circles, some large as a circus ring, and their basins are packed firm and hard by the tread and roll of many generations of the bison. Another recollection here of this extinct race is the buffalo birds, which abound in great numbers. Their function now, as in the time of the bison, is to pick insects from the backs of the cattle which feed on the plains. Sometimes twenty or more feed on a steer's back, while the steer calmly and with evident pleasure munches buffalo grass.—Kansas City Star.

A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

OMENS GOOD AND BAD.

The Folly of Believing In Unlucky Days and All the Rest.

When fortune tellers swindle the poor and ignorant we should make them suffer smartly for it. Certainly the ingenuity of a professional fortune teller is in itself educative. The craft with which she throws out veiled hints, the subtlety with which she pounces upon any lucky shot and the diplomacy which she uses to extort confessions are often magnificent.

Observe the rapt, far away look with which she asks you abruptly, "Who is Ethel?" There is a possibility that you know some one of that name, in which case the odds are that you will afford her some clew for intelligent anticipations. If, however, you indignantly deny any such acquaintance she can always fall back upon the very safe statement that the name will be familiar to you later on.

Such procedure reminds us of the famous dodge of Disraeli, who, whenever he met a man whom he did not know, but felt he ought to know, inquired suavely, "How is the old complaint?"

Playing this little comedy one day in Pall Mall, he was met with the disconcerting reply: "Complaint! I never had an ache or a pain in my life." Whereupon he put his head on one side and said, with a sympathetic sigh, "Ah, I meant the wife." The secret of the success of most charlatans is that if they go on making a sufficient number of shots some of them are bound eventually to hit the mark.

We remember the case of a clairvoyant who told a fair client that two good spirits were watching over her and that their names were Juliet and Jane. The visitor stoutly declared that there were no such persons. But when she came home and told her mother of the episode she was reminded, to her amazement, that those were indeed the names of two sisters who had died in infancy.

Fortune telling, we should say, is a harmless pastime so long as it is not taken seriously. But what about educated and most respectable folk who take it very seriously? We are accustomed to pity Dr. Johnson because he could not pass a lamppost without touching it, but what shall we say of people who forego important enterprises on days which they imagine to be unlucky, who deliberately make themselves the sport of chance or resign their reason to designing adventurers?

We would not fly in the face of ancient beliefs, the origin of which may have been forgotten, nor do we forget that the founders of Thirteen clubs have often perished miserably. But the person who really cares about omens, unlucky days, upsetting salt and all the rest should know that he is a fool.—London Spectator.

A Chinese Story.

"There was once upon a time a very unfilial son," said a Chinaman. "So disobedient was he that if his father told him to go to the east he would go to the west; if his father told him to go to the west he invariably went to the east. All his life long he had been disobedient. At last the old man, as he lay on his deathbed, greatly feared that his undutiful son would not take the trouble to bury him in a favorable spot. After much cogitation he thought of a plan for insuring what is of such vital importance in Chinese eyes. 'If I die,' he said, 'you must bury me in the water.' The father concluded that, in accordance with his usual line of conduct, the son would do the exact opposite of what he was told. So, after congratulating himself, no doubt, on his astuteness in arranging to get buried in a good place on dry land, the old man died. But, alas, his admirable scheme failed. After the father's death the young man said to himself: 'All my lifetime I have disobeyed my father. Now that he is dead I will obey him this once.' So, in scrupulous obedience to the dying injunction, he buried his father in the water."

The Saw of the Mosquito.

The bill of the mosquito is a complex institution. It has a blunt fork at the head and is apparently grooved. Working through the groove and projecting from the angle of the fork is a lance of perfect form sharpened with a fine bevel. Beside it the most perfect lance-bill is like a hand saw. On either side of the lance two saws are arranged, with the points fine and sharp and the teeth well defined and keen. The backs of these saws play against the lance. When the mosquito alights, with its peculiar hum, it thrusts its keen lance and then enlarges the aperture with the two saws, which play beside the lance until the forked tube with its capillary arrangement for sucking the blood can be inserted. The sawing process is what grates on the nerves of the victim and causes him to strike wildly at the insect.

Adirondacks.

"Adirondacks" is an Indian word meaning "wood eaters" and was a term of reproach in derision to a defeated Indian tribe driven to the mountains by the Iroquois and forced to live there on bark and roots.

WISDOM OF ANIMALS.

The Ape of Apuleius—A Dog Actor. Wise Dogs and Elephants.

Apuleius says that in the spring fetes of Isis, the forerunners of the Roman carnival, he saw a monkey with a straw hat and a Phrygian tunic.

But monkeys do not seem to have been popular in Rome. The cleverest of all the animal performers were of course the dogs, and one showman had the ingenious idea of making a dog act a part in a comedy. The effects of a drug were tried on him, the plot turning on the suspicion that the drug was poisonous, while in fact, it was only a narcotic. The dog took the piece of bread dipped in the liquid, swallowed it and began to reel and stagger till he finally fell on the ground.

At the right moment he began to move very slightly as if waking out of a deep sleep. Then he raised his head, looked around, jumped up and ran joyously to the proper person.

The remark that animals do not grow wiser with age is contradicted by the habit of elephants, noticed even in ancient times, of making the young ones cross a ford first. The officer who superintended the embarkation of the elephants sent from India to Abyssinia for use in Lord Napier's campaign tells how one old elephant volunteered to drive all the others on board. His services were invaluable, but when they had all embarked and he was invited to follow them he firmly declined and had to be left on shore.

I myself have noticed the acquired caution of the older dogs of Constantinople, which left untouched the crusts I threw them, while the young ones ate them ravenously. A Greek native told me that this was because Europeans were in the cruel habit of throwing poisoned bread to the street dogs; hence the old ones, having seen the bad effects on their companions, refused to eat bread thrown by Europeans, though they took it readily from any Turkish beggar who shared his scanty fare with them.—Contemporary Review.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

Mrs. T. W. Pitts, formerly of this city, but now residing in Tampa, is looking after her interests here. Mrs. Pitts owns a fine home on West Arlington street.

Dudley Withers of Reidsville, N. C., who has been attending school here, and who has been quite ill, is much better, which will be gratifying news to his friends.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by all druggists.

The biggest yet. May sales of Blue Ribbon lemon and vanilla extracts broke all previous big records. Ask your grocer for Blue Ribbon lemon and vanilla. Takes less. Flavors perfectly.

J. S. Goode has arrived in the city from Tampa and is spending a few days with his family here. He is well pleased with the South Florida metropolis and declares he will "make his fortune" in that section yet if the weather clerk will be good to him.

The culvert on Sweetwater branch between East Liberty street and Alachua avenue was badly damaged by the rain of yesterday afternoon, with the result that several dollars will be required to repair it. Danger lanterns were displayed last night, and will be continued until the culvert is repaired.

The tracks of the Atlantic Coast Line are being torn up at the West Main and Mechanic street crossing, and new ties are being installed for the decayed ones. It is to be hoped the task will soon be completed, as the "blocking" on the sidewalk, especially in inclement weather, is very disagreeable to pedestrians, who are compelled to wade around the heaps of dirt in water ankle deep.

J. W. Patton, civil engineer and surveyor, has returned from a visit to points in the West End, where he has been on official business. Mr. Patton's seavices are in demand now, with the result that he is kept constantly on the move. It is the best evidence that the county is in a prosperous condition, since many of his clients are those who are desirous of purchasing lands and making their home here.

Charles Carter, formerly a conductor on the Atlantic Coast Line between High Springs and Citra, and who was very popular among those who knew him, has about decided to again accept a position with that road, after having spent some time in the grocery business in Ocala. Mr. Carter has been engaged in railroading for so long that his friends would venture he is fit for nothing else—but he is a good man at "his job," and everybody will be glad to welcome him back to the ranks again.

Remember the Gainesville & Gulf has round trip rates to White Springs on Sundays at only $1 Train leaves Gainesville at 6:30 a. m., returning at 9:30 p. m., and affording a whole day at this favorite resort. Cheaper than hiring a buggy, and passengers are enabled to spend a day on the banks of the famous old Suwanee river. tf.

As a guide to show "where he is at," Dr. Clyde Carter has had painted at the bottom of the stairs, 103 East Union street, a couple of handsome aluminum signs, one on either side of the door. Dr. Carter has had his offices neatly and comfortably arranged and has prepared to establish a practice here which will no doubt in the end prove profitable, as he is a popular young man.

The ice cream social and lawn fete given by the members of the choir of Holy Trinity Episcopal Church yesterday afternoon was not as successful as had been anticipated, owing to the prevailing showers which interfered with the program. However, the function was held, and those who were caught in the showers were perfectly happy on the veranda of the rectory, where the young folks who gathered enjoyed themselves hugely under the circumstances.

Remember that Rev. T J. Nixon of the Methodist church will preach at the North Gainesville hall Friday evening, the service beginning at 7:45 o'clock. It was determined at the beginning of the summer that the ministers of the city should keep up a weekly service during the summer months, the churches alternating. The services have been a little broken, owing to the absence of some pastors, but it is hoped to keep the meetings up for the remainder of the season. The public is cordially invited to all meetings.

Invitations have been issued by Mr. and Mrs. W. P. Garrett to the marriage of their accomplished daughter, Miss Alma McCook, to Mr. Haskell Green Rembert, which will occur at the Methodist church on the morning of Wednesday, June 14, at 7 o'clock. Miss McCook is one of Gainesville's most popular young ladies, and while her friends here will regret to give her up, they will nevertheless wish her a pleasant matrimonial life. Mr. Rembert is a successful business man of Lennon, being engaged in the manufacture of lumber. They will make their home at that place.

IN JUDGE MASON'S COURT.

Important Case in Which Prominent Man is Interested Heard.

The was an important case in the county judge's court Monday, in which Emma Brantley sues L. W. Fennell, sheriff of Alachua county and administrator of the estate of Henry Griffin, deceased, in replevin for eleven head of cattle.

The evidence was submitted Monday afternoon, and the argument was supposed to have been held on Tuesday, but Thursday afternoon Judge Mason was still waiting for the argument.

Evans Haile is representing the plaintiff, while Attorney W. H. Palmer will appear for the defendant. It is difficult to determine what the outcome will be.

TO INSPECT ROAD.

County Commissioner Pedrick and B. A. Thrasher Went to Tacoma.

County Commissioner C. C. Pedrick and Attorney B. A. Thrasher went yesterday to Tacoma, where they inspected the new hard road from Tacoma to Micanopy, a distance of three miles. This road was constructed of clay and other handy material by the citizens and county a few months ago, and these gentlemen, who are interested in roads, desired to satisfy themselves as to the durability of the material for roadbuilding purposes.

Messrs. Pedrick and Thrasher returned at a late hour last night. They will tell what they think of the material today.

BALL GAME TODAY.

Gainesville and Micanopy Will Cross Bats for Championship.

The loyal fans today will be gratified in witnessing a game of baseball between the Gainesville and Micanopy teams, which will be pulled off at the park at 3 o'clock.

The Gainesville boys feel that they can put up a pretty fair game, and those who witness the contest this afternoon are assured of an exciting game.

The game will be called promptly at 3 o'clock.

Meeting of Kirby Smith Chapter.

The regular monthly meeting of Kirby Smith Chapter, U. D. C., will be held at the home of Mrs. Manasse this (Thursday) morning, at 9:30 o'clock, at which a full attendance is requested as we wish to perfect the formal arrangements for the ice cream sale to be held on the court house green tomorrow (Friday) afternoon. The hour for the meeting has been changed to the morning on account of the prevailing afternoon rains. The committees appointed are urged to be present, and it is our desire that every lady in the Chapter shall be assigned to some particular duty.

MRS. J. N. STROBHAR, Pres.
MISS MAUDE GRAHAM, Sec.

Fine Field of Tomatoes.

Some as fine tomatoes as were ever brought to Gainesville were seen at the store of the Cash Grocery Company Wednesday. They were large and smooth and had ripened very evenly. They were grown by M. J. Ward of Micanopy, and he has fifteen acres of them to harvest.

Mr. Ward is a very successful trucker and his fruit and vegetables are always put up with care in neat packages, and as a result they always command a good price in the market.

In Mayor's Court.

Wednesday in the mayor's court Katherine Knight was arraigned upon a charge of using obscene and abusive language against one of her associates, Lillie McMillan, and was assessed a fine of $2 50 and costs, which was promptly paid. Witnesses testified that Kathleen used all sorts of fancy French names which they could not clearly understand, but they knew enough to understand that there was "some cussin'."

Attention, U. D. C.

The J. J. Finley Chapter, U. D. C., will hold its regular business meeting Thursday afternoon at 4:30 o'clock at the residence of Mrs. J. B. Gerald.

MRS. W. B. TAYLOR, Pres.
